NOTICE OF END OF FORCE MAJEURE

Following the return to work by the Finnish Pulp and paper workers, Forchem is now receiving regular supplies of Crude Tall Oil (CTO) raw material in Rauma. We expect the daily volume of CTO to increase in the coming weeks as the pulp mills return to normal.

Forchem's plant has started up, at a slow feed rate, and we plan to gradually increase output to normal levels as CTO supplies allow. Therefore we are pleased to declare the official end to the Force Majeure.

Whilst we are relieved, we do appreciate your understanding and continued patience as we build up to normal production speed. There may also be some residual disruption to logistics and longer lead times for some destinations.

In case of any questions, please do not hesitate to contact your usual Forchem representative.

Sincerely,

Risto Näsi
CEO
Forchem Oyj
